*Frank Wijbenga, Almere - Netherlands, December 2015 🌿*

*Response from management: All our units are now equipped with an oscillating, movable fan. It is however advisable to keep the doors closed when it is hot outside (this year we had temperatures soaring into the high 30's). All units are well insulated and retain the cooler inside temperature best if the hot air outside is kept outside... Cloud Nine has air-bricks so there is always fresh air moving through the building; absolutely no danger of suffocating!*

(Cloud Nine)  
-- *Aziliz & Brigitte, Sandown Estate - May 2015* 🍀

*Response from management: Cloud Nine is indeed quite dark inside, a result of it being a lower level apartment, which also has the advantage that the temperature inside is the most pleasant of all our units during the hot summer months. There is however, good artificial lighting provided throughout the apartment and no restriction on the use thereof.*

"Leonora and Alan are lovely and were very accommodating for my partner and I. They responded quickly to our request and made sure to reply to our questions promptly. There was no mystery about the booking process, and happily when we arrived, the units appeared exactly as it does online!

We stayed in the Gold Moss and Jelly Beans units. The Gold Moss is top shelf, perfectly sized for two. The deck with breakfast table is set amongst a restful stage of trees and local wildlife, a perfect setting for a quiet breakfast or afternoon tea. Because we wanted to stay longer, we moved to the Jelly Beans unit. This unit is quite a bit smaller and would be ideal for kids or young adults, with the parents in the larger unit. Leonora and Alan have done a spectacular job landscaping their gorgeous property with native tree species, and the lush green tranquillity and fresh open air there is so characteristic of this beautiful part of Mpumalanga. By the end of our four-day stay we really didn't want to leave and will definitely be returning to Stonecrop, as well as recommending it to our friends."

"We spent a glorious weekend here in September 2012. The service was efficient and courteous. The unit was perfect. The scenery was wonderful, you felt as if you were in the middle of the bush - not 5km from a town. The fact that most of the indigenous bush has been left behind added to the peace and serenity. And when a family member wasn't happy with their accommodation at another establishment Leonora was more than willing to help us out with extra accommodation for them. All in all a marvellous time and we will be going back."

"What a wonderful home from home we discovered. Not only are the rooms modern, new and comfortable but the hosts made every effort to make sure that we felt as if we were part of their family. We were quick to discover that not only do Alan and Leonora love photography but also vegetable gardening (as do Violet and I). Violet discovered that she used to work with Leonora's sister when she did her articles in Sabie. A small world indeed. We thoroughly enjoyed our stay at Stonecrop and highly recommend the establishment for comfort, value for money and the hospitality of the hosts. We'll be back!"  
*Ken Malherbe, Bloubastrand, Johannesburg, November 2012* 🌿

"We overnighted in White River this past weekend and stayed over at Stonecrop - we were greeted by a very friendly Leonora and Alan, who proceeded to show us around the property and are clearly very passionate about where they live. The room was a piece of home away from home - everything is new and every touch has been thought about. There is more than needed in the room, with a full kitchen, TV, and many little extras. The small touches were appreciated and noticed. Comfortable and unique, nicely decorated and everything we needed and more. Highly recommended!"
